

FACILITATION GUIDE

Leadership Workshop Guide

Use outcomes, evidence, and decisions to focus leadership action

Outcome-Driven Management

Workshop objective

Create shared outcome direction, expose uncertainty, focus leadership attention, and leave with explicit decisions and next evidence.

Suggested working sequence

Frame the outcome

What must become different, for whom, and how will we know?

Map the current reality

What do strategic, execution, engineering, customer, and organizational signals indicate?

Name the decisions

Which choices are blocked, unclear, or too slow?

Identify intervention

Where can leadership remove an obstacle or realign resources?

Commit to evidence

What evidence will be reviewed next, by whom, and when?

Facilitation prompts

Outcome

Are we achieving the outcomes that matter?

Reality

Do we understand the current operational reality?

Risk

What risks threaten success?

Attention

Where should leadership focus now?

Decision

What choice will create the greatest positive impact?

Outputs

An updated outcome statement, the highest-priority risks, explicit decisions, named owners, actions, and required evidence for the next review.

Use note

This is a proposed ODM resource and discussion aid. Adapt it to context. It is not a certification, validated benchmark, or substitute for organizational policy.
