

PARTICIPANT TAKEAWAY

ODM Adoption Workshop

Baseline summary and adoption bet

Outcome-Driven Management

Baseline Takeaway

Use this page after the workshop to keep the adoption experiment visible.

Baseline is evidence, not a grade. Revisit the baseline after the experiment and ask what changed in observable behavior.

Our most important current strength

Our most important current constraint

Our selected learning opportunity

Our adoption bet

We believe that [behavior change] **will improve** [outcome or decision capability] **as measured by** [evidence] **within** [bounded context and review period].

Final bet

Decision owner and review date

Evidence we will collect

Possible decisions: continue, adapt, scale, or stop

Artifacts produced

- Current Management Behavior Map
- Outcome Clarity Snapshot
- Signal Inventory
- Decision Flow Reflection
- Leadership Attention Profile
